

DJ Singer Co Producer

MISSKARA

"Bringing Joy to the World Through Music"

Bio

MISSKARA is a high vibe Melbourne & Gold Coast House, Tech House & Techno DJ, Singer & Co Producer.

You will see her bringing fun sexy high vibe tunes to the dance floor and sharing joy and fun wherever she goes.

MISSKARA found her love of singing whilst studying at the Sita School of Arts in Melbourne (Sita Multi Arts). At this time she found her talent for songwriting too.

One day whilst looking out the airplane to the clouds wondering if her father was looking over her, she wrote her very first song "No Guns in Heaven" back in 2010.

Fast forward to 2023 & the soon to be released tracks "Through the Forrest" & "You Are Not Alone" with producer ASHMARO are quite different feels & total bangers!

Her electronic music singing debut in 2018 saw her singing at none other than Rainbow Serpent Festival with DJ Mickey Space. 2019 was a success with Kara and Mickey Space on the line up for Earth Frequency performing on the Earth Pod Stage. 2020 till present has seen her grace stages again both singing or DJing at Earth Frequency, Rabbits Eat Lettuce, Modifyre and Elements 2 years running. In 2023 she did her Burning Seed (NSW Burning Man) debut which was a total vibe helping people boogie all night long!
